

Opinions On City Park at Lake Differ

'Look Into It,' Says Plan Body; 'Don't,' Advises Club

A communication to the city council from the city planning commission, which was read at a meeting of the former Monday advised investigation of the possibility of acquiring the Emerald Lake golf course for municipal recreation purposes. The letter was signed by John Gill, secretary of the commission.

But from another source came opposition to the project. A letter from the Redwood City Promotion Association told of the organization's opposition to either purchasing or spending any money on the property. W. H. Morrissey is president of the association and Mrs. Peter Menson is secretary.

The council filed both letters. At the request of Walter Hermann, quartermaster of the local Veterans of Foreign Wars, the council donated \$10 towards the fund which the veterans are raising to purchase uniforms and equipment for a basketball team.

The veterans have taken over the Eagles' team, and it will play under the name of the Redwood City Merchants.

Upon the suggestion of R. E. Savage, the council authorized the state automobile association to erect an "equestrian crossing" sign near the Edgewood Riding Academy, as a warning to motorists. The academy is to bear the expenses of the sign.

Ordinance No. 344, fixing the amount of money to be raised by taxation, was adopted, on motion of Councilmen Beeger and McNulty. The total is \$124,503.60.

A resolution establishing the tax rate was also adopted. The rate is \$1.10 for old town, \$1.09 for new town, and \$1.05 in South Redwood and Carmelita Manor.

The proposal to prepare a statement showing the city's capital outlay was referred to the city manager, city clerk and city engineer.

A beer license was granted to Roy and Beatrice Herndon, of 2004 Broadway.

Councilman Paul McCarthy acted in the absence of Mayor William J. Dusel.

Y.C.M.A. Drive At \$602 Mark, Report Shows

The campaign for funds for the local Young Men's Christian Association reached the \$602 mark at the workers' report meeting on Tuesday.

Harry E. Jenkins, chairman of the campaign, is urging each worker to put forth his best efforts to see every prospect in order that the goal may be reached as soon as possible.

The Y.M.C.A. program here starts with the boy of 8 years of age through its various types of clubs—Friendly Indians, Pioneers, Hi-Y Clubs, hobby clubs, young men's and men's groups. Through it all is the underlying motive of developing character and a higher type of citizen.

Andrew Spinas yesterday beat Clifton Woodhams for first place in the largest amount raised by an individual worker. Spinas also jumped to the fore in the largest number of subscriptions secured by an individual.

The following men are on the honor roll of those who have cured 15 or more subscriptions: P. A. Bygones, Donald Bogie, Clarence Argo and Andrew Spinas.

HOPE FOR NEW ROUTE TO HALF MOON BAY VOICED

HOPE to find a new route for the Half Moon Bay road west from the Skyline boulevard, thereby eliminating many of the sharp turns and reducing the grade, surveyors from the state highway department are scheduled to begin work on that project this week, Col. John H. Skeggs, San Francisco district engineer, informed the San Mateo county supervisors yesterday, Monday.

Skeggs told the board that the new highway budget includes a \$73,000 item for improvement of the coast road. Before spending this money on permanent construction, Skeggs said a more suitable route would be sought.

The matter was called to the board's attention by Supervisor Manuel Francis, Half Moon Bay, who acted as chairman in the absence of Dr. C. V. Thompson, Burlingame supervisor.

The board, upon motion of Supervisor Albert Witt, Colma, and second of Supervisor John Poole, Redwood City, expressed its sympathy to Dr. Thompson in his illness.

The board chairman suffered a heart attack last week and has been gravely ill in the Mills Memorial Hospital, San Mateo.

Workers Ask NRA Here to End Dispute

The first labor trouble of any magnitude to be placed before the local NRA compliance committee came to light today, when approximately 40 employees of the Golden State Mushroom Company walked out at the mushroom "farm" near here following their demand for higher wages.

The workers are asking for a minimum of \$15 per week for inside work and \$18 for outside work, for a nine-hour day.

They also are getting \$9 per week (inside work) for a 54-hour week and \$12 per week (outside work) for the same number of hours, they told the NRA committee this morning.

The local NRA body communicated with George Creel's office in San Francisco, and was advised to proceed on its own initiative in its efforts to settle the matter to the satisfaction of all parties.

Chairman James D. Hedge of the compliance committee announced he would confer with officers of the company at the earliest opportunity.

CANNERY CLOSED
SAN FRANCISCO, Sept. 20 (UP)—A temporary injunction today closed the cannery of the Calistan Packers, Inc., of Modesto, charged with violating the marketing agreement and license feature of the agricultural adjustment act.

Federal Judge A. F. St. Sure issued the temporary injunction on a complaint that the cannery violated its peach-canning quota of 77,000 cases.

It was the first suit brought by the NRA in a California court. Arguments against making the injunction permanent will be heard next Monday.

The complaint asked closing of the cannery, which employs 600 workers, levying of a \$5 fine for each ton packed above the firm's allotment, and collection of an unpaid assessment of \$250 on each ton packed for the association surplus pool.

H. H. McKee, United States district attorney, and James Morris Fly, special assistant to United States Attorney Cummings, brought the action in the name of the agricultural adjustment administration.

LABOR VOICES THREAT
WASHINGTON, Sept. 20 (UP)—The threat of strikes "to compel obedience" to the national recovery act was held over industry by organized labor today.

President William Green of the American Federation of Labor charged "astounding evasions by great employers."

Some of them, he said, were "so hostile to the letter and spirit of the law that I am certain the administrator must take immediate and very drastic action."

"We have had to strike to compel obedience to the law," he added, "and we expect we shall have to do so again."

Green said he had complained to Administrator Hugh S. Johnson that 16 corporations, including E. I. DuPont de Nemours and two corporations reputedly controlled by former Secretary of Treasury Andrew W. Mellon and associates, had attempted to evade labor provisions of the law by forming company unions. He characterized these unions as "a fraud from start to finish."

New Chamber Bulletin Tells City Progress

NRA, Harbor, Other Matters Receive Attention

Devoting space to the NRA, Redwood Harbor progress, unsightliness of the Southern Pacific depot property, Sequoia high school growth and other items, the Redwood City Chamber of Commerce Bulletin made its appearance today.

The bulletin declares that splendid headway is being made toward securing government approval for a loan to build Redwood Harbor.

The San Mateo County Harbor advisory committee and railroad traffic men are preparing the final traffic and tonnage report which will be the basis for the loan.

Plans for the dock, etc., are also about complete and will be submitted to Lt. Col. T. M. Robbins of the war department within a brief space.

The Sequoia high school registration shows an increase of 140 over last year, the bulletin cites. Registration in the grade schools increased from 1732 to 1804, an increase of 52. About 15 newcomers are listed each week.

Complaint has been heard of the debris on business streets in the city, it is reported, and this is credited to the unpacking of goods at stores and to articles being thrown away by school children and others.

The condition of the railroad property is declared to give the community "one of its worst black eyes." It is pointed out that Palo Alto, Burlingame and other cities have been successful in getting the company to landscape the grounds. Similar efforts will be made here.

**Utility Data
Being Sought
By Co. Clubs**

SAN MATEO, Sept. 21.—Compiling of data on municipal ownership of utilities was ordered by the board of governors of the San Mateo County Association of Improvement Clubs and Associations at a meeting last night in the city hall here.

The purpose is to give clubs of the various cities first hand information on this subject, it is stated. The committee to handle the study included R. H. Hamilton of the Berkeley Park Citizens' League as chairman, and W. H. Medley of the Progress Club of Burlingame, as vice chairman.

The La Honda Canyon Improvement Association was accepted into the federation.

Information on the present status of the widening of El Camino Real was ordered secured for the next meeting.

Club governors again went on record urging the supervisors to let the charter guide their steps so that 100 per cent compliance with the document will be the result.

Robert N. Jones, Redwood City councilman and chairman of the public works and public buildings committee, will call his committee together shortly so that a report made be handed in at the next meeting.

T. Louis Chess, executive secretary, urged committees to meet between regular sessions, particularly those dealing with transportation, public health and welfare, education, water, revenue and taxation, bay bridges, and industry.

W. H. Morrissey, president of the association, expressed his regret at not being able to secure a copy of the budget from the supervisors in time to make a study of it.

The budget was assertedly adopted "suddenly" this year, and the federation charged that the supervisors did not give any real opportunity for the public to be heard.

Morrissey also spoke on the progress of the county harbor at Redwood creek.

**Woodsiders Fined
In Traffic Court**

SOUTH SAN FRANCISCO, Sept. 21.—John N. Rosekrans, socially prominent resident of the Canada road district at Woodside, was fined \$10 by Police Judge Edward Farrell in traffic court here yesterday.

M. H. Casey, also of Woodside, was fined \$2 for going against a signal.

Residents of the Mexican colony of Tepoca, Kan., imported all the trimmings of a genuine fiesta, including dancing señoritas, from south of the Rio Grande.

Rose E. Swift Passes Away; Rites Saturday

Member of Pioneer Family Succumbs To Illness

Miss Rose E. Swift passed away yesterday at Santa Clara following a long illness. She came from a pioneer family of Redwood City. Her father and mother, the late Miles and Mary Swift, came to this locality in the early sixties.

The deceased was the youngest of five children, all born in this community. Miss Swift was 70 years old, spending her whole life in Redwood City with the exception of a few years passed in Santa Clara.

For many years Miss Swift was a prominent member of Bonita Parlor, Native Daughters of the Golden West, and at one time was president of the organization of which she was a charter member. In early life Miss Swift was identified with the social activities of the city she loved so well and where she enjoyed the respect of everyone.

The deceased is survived by a sister, Miss Elizabeth M. Swift. Her brother, the late James V. Swift, who died six months ago, was a widely known newspaper man. Her other two brothers, William and M. A. Swift passed away many years ago.

The funeral will take place tomorrow morning from the Layton and Tinney parlors, thence to the Mount Carmel Catholic Church where a requiem mass is to be celebrated at 9:30 o'clock. Interment will be in the family plot in Holy Cross Cemetery, Menlo Park.

Lamson Juror Found to Be Emig Deputy

SAN JOSE, Sept. 22. (Special)—That R. E. Graham, San Jose orchardist and one of the 12 jurors who convicted David Lamson of the murder of his wife, Allene, was a special unpaid deputy sheriff, was unearthed at San Jose today.

This, it is expected, will be one of the main points in Chief Defense Counsel Edwin Rea's argument in favor of a new trial for the convicted Stanford University Press executive tomorrow.

Rea reported today that he would require several days to complete his presentation of the motion for a new trial, which will mean that Lamson will not hear Judge R. E. Syer pass the death sentence tomorrow at 2 p. m.

It will be the second continuance of the time for sentence since the jury brought in its verdict Saturday night. Lamson, meanwhile, will be held at the San Jose jail.

Another highlight in the day's efforts to win Lamson a new trial was the reported plan of Walter H. Linforth, prominent Menlo Park attorney, to join with Rea in the convicted man's defense.

It was also reported by Lindsay Golden, former chief deputy district attorney in San Francisco, who handled the Egan case, may join with Linforth, Rea and Maurice Rankin in the Stanford man's behalf.

Seen by Reporter
The appointment of Graham as a special deputy was found of record in the sheriff's office by a San Jose News reporter. The certified copy of the appointment shows Graham became a special deputy under Sheriff William Emig on November 21, 1932.

ADMITS OFFICE
SAN JOSE, Sept. 22.—R. E. Graham, member of the Lamson jury, admitted today that he is a special deputy sheriff, and defense attorneys exhibited a certified copy of his appointment as further proof that he served under Sheriff William Emig as an unpaid deputy.

Graham, while being questioned as a prospective juror, said he had "only a passing acquaintance with Sheriff Emig," who played an important part in Lamson's prosecution.

**Burlingame House
Contract Is Filed**

Contract for a \$5,523 residence for Mr. and Mrs. Merton S. Lyster, 990 Fulton street, Burlingame, was filed today with County Recorder T. C. Rice. Reuben A. White, Burlingame, is the contractor.

'RECOVERY DAYS' WILL BE HELD OCTOBER 6, 7

Redwood City merchants will stage "Recovery Days" on Friday and Saturday, October 6 and 7, according to an announcement made by the merchants' division of the chamber of commerce today.

"Recovery Days" will be featured by one of the largest parades in the history of the community, in which lodges, service clubs, patriotic and other organizations are expected to participate.

Combined with "Recovery Days," which are being held to co-operate with the NRA, merchants will also have their annual fall fashion show and living models will be featured in the windows.

The parade and fashion show will be held Friday evening, October 6, and Saturday, the following day, will be devoted to the spirit of the NRA, which is "BUY NOW." Some merchants will conduct special sales to attract customers on this day.

Entries of all kinds are wanted for the parade. Groups of people in decorated cars, groups of bicycle riders, old-time bicycles, comic characters, Mother

Tax Saving in County Is to Be \$560,269

SACRAMENTO, September 22.—California's new tax relief program, inaugurated with the adoption of the Riley-Stewart plan and subsequent enactment of the state sales tax has reduced county tax bills in the state for the coming year by a grand total of \$40,928,435.

The state board of equalization announced the figures today on receiving reports of county auditors throughout the state giving the new tax rates and new assessed valuation rolls for the 1933-1934 fiscal year.

San Mateo county shows a cash saving in taxes on common property of \$560,269 under the Riley-Stewart tax plan, an actual reduction in the tax burden per \$100 of \$1.26, net tax reductions after allowance for decreased valuation of 81 cents inside incorporated limits and 81 cents outside incorporated limits and additional savings by means of reductions in assessed valuations of \$29,232.

Home-owners, farmers and business men, together with all other owners of common property, the board said, will find the \$40,000,000 tax savings reflected in their new tax bills, which fall due the first Monday in November. Merchants and thousands of other citizens will also participate in the relief, it was stated, as the Riley-Stewart plan eased the burden on personal property as well as real estate.

**S. P. to Withdraw
Early Morning Train**
Changes in Southern Pacific train times on the peninsula, to become effective October 1, were announced by head offices in San Francisco today to local and other depots.

The principal change is the proposed discontinuance of the 2 a. m. "owl" out of San Francisco. Dropping of this train from service is expected to result in protests.

Most commuter trains are expected to be unaffected.

Attention of contractors was called today to the fact that San Mateo county's new building code for the unincorporated area is now effective, and permits for all type of work must first be secured from Building Inspector William Watson Jr.

The office of the building inspector is situated in the San Mateo County Bank building here.

First permit to be issued under the new county ordinance went to R. C. Stahl of Redwood City for moving and altering the residence of Mario Feno at Colma.

Fees Announced
Fees for permits are as follows, Watson reports:
For a total valuation of \$50 or less, no fee.
For a total valuation from \$50 to \$100, a \$2 fee and an additional fee of \$2 for each additional \$100 or fraction thereof of total valuation to and including \$15,000. An additional fee of \$1 for each

Jones Tosses Hat in Ring For Governor

Water Development Stand Hits Power Propagandists

SAN JOSE, Sept. 20.—In announcing his candidacy for the Republican nomination for governor, State Senator Herbert C. Jones of San Jose today pointed out that the time has come in California when the state government must assume a vigorous stand in defense of the common man against the exploitation of powerful groups.

"In the past," said Senator Jones, "with plenty of free land, with the boundless resources of a young community, with unprecedented prosperity, the public good-naturedly yielded to 'chiseling' of their incomes and resources. But now, when every cent that is wrung from them by exploitation is taken right out of their very means of existence, such imposition can no longer be tolerated."

"There never was a time when our people have been so universally distressed. Our greatest need is an executive who will be industriously 'on the job,' who understands and can cope with our problems, and who is possessed of a determined desire to solve those problems in the interests of the whole people."

Three Major Problems
"The major problems today confront our state—high finance, taxation and water development. 'In the field of finance, for years our people have been victimized by the sale of worthless securities foisted on them by syndicates whose one interest has been the underwriting profits and commissions. Through such ingenious devices as holding companies and managing companies the consumer has been compelled to pay two or more sets of salaries, overhead and profits for one service."

"In the field of taxation, the drive is on by these same big interests to see to it that wealth escapes, and that the burden is thrown on to the back of poverty. Their objective is to relieve those able to pay by abolishing income and inheritance tax laws, and to place the burden on the masses by taxing them even on food—and this, in a period of unprecedented unemployment when already millions of our citizens do not have the means to sustain their families! Truly, experts call the sales tax 'a brutal tax.'"

Public Shows Benefit
"In the matter of water development, since the public pledges its credit to pay the expense, the public should retain the benefits. Complete use of our water resources calls for the development of the by-product—hydro-electric power. Farmers are pulling out their irrigating motors because they can no longer pay the high charges for power. Householders are denying themselves the full use of electricity. This need not continue if we can get rid of \$75,000 and \$100,000 salaries, of vast gifts for propaganda purposes, of enormous expenditures for political purposes, costly lobbying in our legislative halls, and other wasteful practices."

"The issue is the same in all three of these vital problems. That issue is whether the state shall protect the defenseless common man. The individual citizen by himself is powerless against these great combinations that exploit the many for the benefit of the few. The state today has no higher duty than the defense of its citizens against combinations so vast that in the face of them the individual stands helpless and crushed unless he has behind him the support of his government."

**\$253,864 Spent
For Job Relief
Under Co. Bonds**

The San Mateo county committee on unemployment relief, in its weekly report on work relief for the unemployed, for the period September 1 to September 16, inclusive, shows the following:

Additional \$1000 or fraction thereof to and including \$50,000. An additional fee of 50 cents for each \$1000 of valuation for each \$1000 exceeding the \$50,000 valuation.

Provisions Cited
Section 3 of the code reads: "The provisions of this code shall apply to all buildings and/or structures in all parts of the unincorporated territory of the county of San Mateo except buildings and/or structures upon agricultural property in units of five or more when the exterior walls of such buildings and/or structures are located at least 50 feet from any property line."

"The owner of such property, however, may request of the building inspector that the provisions of this ordinance shall apply to such buildings and upon payment of the required fees may obtain the services of the building inspector in enforcing provisions of this code."

**Sisevich Trial
Is Delayed to
October Tenth**

Trial of Mrs. Gladys Sisevich, 1516 B street, San Mateo, on two counts of manslaughter and one of driving while intoxicated and obstructing today to October 10 because of conflict with a damage suit.

The lawsuit was interrupted long enough for Mrs. Sisevich to appear before Superior Judge Franklin Swart so that the case could be reset. It is expected that two or three days will be required for the trial.

Mrs. Sisevich has pleaded not guilty to responsibility for the collision of her car and a baby buggy driven by Mrs. Addaine Lyons, 38, of East Palo Alto, which caused the death of Mrs. Lyons and her baby, Nancy, 8 months old.

According to the government of British India, 24,000 persons were killed by wild animals there in 1927; snakebite was responsible for the deaths of 19,069.

Saving Public Moneys

Some ten years ago, while governor of California, Friend W. Richardson used the pruning knife on the state budget as it never was used before—or since.

Thereby he got himself into trouble. His political opponents, including a large portion of the metropolitan press, charged the governor with trying to starve the wards of the state, cripple education, render ineffective humanitarian legislation, etc., etc. Of course, Governor Richardson had no such intention. What he was trying to do, and did do, was to see to it that the state did not spend money in excess of revenues, with the result that he left to his successor an unincumbered balance of some 30 millions of dollars.

Governor Richardson is now building and loan commissioner. In that office he is doing exactly what he did as governor, practicing bone-dry economy. Here is an example: The Los Angeles branch office was, until recently, housed in the State Building at a monthly rental of \$517.50. Commissioner Richardson thought the rent excessive, so he looked around and found comparable quarters in a privately-owned building at a monthly rental of \$110, including light, heat, janitor, messenger and other services. The Los Angeles branch office was moved to the new quarters, thereby saving, not the people, but building and loan depositors, who bear the cost of administration, \$407.50 per month, about \$5000 per year. Partly pursuant to a law passed by the last legislature, three positions were eliminated, the total savings, including rent, amounting to \$1,057.50 per month.

Acting Calmly

District Attorney Edmund Scott is to be highly commended for his calmness and fairness in handling the dog track situation. He was not rushed off his feet by the spectacular raids of Constable Landini or by the clamor of the San Francisco press. Mr. Scott plans to make a test case on option betting. If Landini has enough evidence to go into court he will do so, otherwise Scott will secure his own evidence and proceed to clear up the situation. Three states have already declared option betting to be legal. Judge Dooling in a decision rendered a few years ago held that options on horse racing in the county were legal and on the strength of this opinion the Tanforan track was opened. The same law should apply to dog racing.

Bert Shine, Sequoia football man at Stanford, joined the training squad at the university last Monday and is a candidate for the position of fullback upon the varsity team. Bert has to strive against such good men as Scofield, Parker and Dole, and expects a hard fight for the position. He is determined at all events, however, to gain the coveted "S" and with his experience as fullback of the '06 team should stand a good chance.

Frank Marcus, Henry Steinberger and Alex Fraser have nearly completed their fine large houseboat which they will use during the hunting season.

George Schoultz of Purissima has been a local visitor this week. Mr. Schoultz has been successful in striking several good flowing oil wells on his property and expects to make lots of money.

Mrs. John Heard and her young son, John, who have been visiting with relatives here for some weeks, left for their home in Bakerfield Tuesday. They were accompanied as far as San Francisco by Mrs. Heard's aunt, Mrs. S. P. Wentworth.

George Angus and Kenneth Murray have begun to ship carnations from their nurseries in the McEvoy tract to San Francisco, where they find ready sale.

James Ayres had a runaway with the Tremont bus Wednesday and ran into the depot and broke the pole of his conveyance. A number of carriages were around the depot and it is to be wondered at that some of them were not damaged.

Woodside Man's Kin Ends Troth To Lord Burgh

Word came from London today of a break in the troth of Lord Burgh and Miss Elizabeth Rose Vincent, granddaughter of W. B. Bourn, Woodside capitalist. Miss Vincent is the daughter of the late Maud Bourn, who married an Irish barrister.

Society of the peninsula was stunned to hear that the recently announced betrothal had been broken off. Lord Burgh himself made the announcement in London, stating that it was by "mutual consent," according to the Associated Press.

Vincent at one time owned Muckross Abbey, in the Killarney lake district of Ireland, which contains the blarney stone. Mr. Bourn presented the property to the Irish Free State as a public domain about a year ago.

Bourn, one-time president of the Spring Valley Water Company and owner of the wealthy Empire mine in Grass Valley, lives on the beautiful estate, "Filioli," in the Woodside hills.

THE QUESTION

Now my friends of the Veldt, I would like just one word,

Something of interest about official birds.

To puff, snort and spout, and scatter the balm.

May sound nice enough, may do no great harm.

You retain shirt and trousers, you lose coat and vest.

By staying asleep, you will lose all the rest.

We admit we are suckers, that our noses are red,

From rubbing them in to the stuff aforesaid.

The question? To answer, is how much it costs.

To keep brainy wizards eating hay in the left.

Friends and advisers I beg here to state,

When it comes to tax levies you shure take the cake.

My friends of the Veldt once more I repeat,

You are soon to have junk on your main street.

You have special lighting, and again special tax.

To light and pave streets for display of old tanks.

You have heard about buzzards that fly so sky high.

You may soon think of fish when you land high and dry.

Now, good friends and brothers, let us give thanks,

That up to present we still have our pants.

In all of my travels from Kenya to Ben,

This is the first place where a rooster's a hen.

With rollers and scrapers and derricks and pipe.

Stored on the main street, take a laugh if you like.

I humbly suggest, as a citizen free,

A garbage incinerator would match to a T.

To have a new junk yard to display on our pile,

That's getting us somewhere, say what you like.

Now, ladies and gents, it is not out of place,

To say garbage and junk should stare in your face.

With garbage and junk on the main thoroughfare,

You can say to your friends, look-a here, look-a there.

The ashes from garbage would replace marble dust.

We can show all the tourists that in God we trust.

While some of the acts may seem a bit lax,

The Recorder

Instructors For Peninsula School Named

Additions to the faculty of the Peninsula School Ltd., which opens for its fall term Tuesday, were announced today. As now constituted, the staff includes the following group and departmental teachers:

First group—Mrs. Claire O'Neill, assisted by Miss Barbara Marx, who conducted a play school this summer. Miss Marx succeeds Mrs. Henry Keyes, who is to teach this year in the Katherine Branson School at Ross.

Second group—Mrs. Amy Burt and Mrs. William Ford Nichols (Elizabeth Woodyatt). Mrs. Burt is just home after a vacation in Berkeley and Santa Cruz. Mrs. Nichols' class will occupy the old shop building, now replaced by a new structure.

Third group—Julian Edmond Jr., a graduate of Johns Hopkins University. Mr. Edmond spent his vacation in the Big Sur region and in Northern Nevada, where he engaged in amateur mining with Ralph Sims, who has charge of the school's shop.

Fourth group—Mrs. F. E. Gordon of San Mateo, a newcomer to the faculty.

Fifth group—Mrs. Katherine Shaw.

Sixth group—Mrs. Ernest W. McCabe.

Physical education—G. D. Peavy, assistant to the Community Center Commission and former member of the Montezuma Mountain School at Los Gatos.

Arithmetic—Mrs. Roy Chapman Shop—Ralph Sims. The shop will occupy a new 25 by 50-foot building, constructed on contract by Elton Cook, an employee of the school, at a cost of \$500. Funds for it were provided by parents and a part of the work donated.

Clay modeling—Mrs. John Deirup.

Music—Mrs. Eliot G. Mears, Mrs. W. B. Walker, and Mrs. Albert Sigal.

French—Mrs. Cornelia Prins-Chase.

Mrs. Clare Nolan will again have charge of the library and Mrs. Francis Crosby, assisted by Mrs. J. J. Dunlop, of the cafeteria.

Registration will take place Tuesday morning from 9 o'clock to noon. Children will then go home.

The Greater South Redwood Improvement Club announces a public whist party for Friday evening at 8:30 in the Washington school on the Woodside road under the chairmanship of Mrs. George Baruxis. Score cards will cost 25 cents.

LEGAL

NOTICE OF HEARING

Probate Code, Sec. 1200

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

PROBATE

In the Matter of the Estate and Guardianship of JOSEPH CAVO, also known as JOE CAVO, an incompetent person.

NOTICE IS HEREBY GIVEN that Leonora Cavo, guardian of the estate and person of Joseph Cavo, an incompetent person, has filed in the above entitled court her petition praying for an order authorizing her, as such guardian, to borrow the sum of \$2500.00, payable 5 years after date, with interest at the rate of 7% per annum, payable annually, and to make and execute a promissory note therefor, and a deed of trust upon the said real estate described herein, to secure the payment of said note, and to make and execute a deed of trust upon the said real estate for the sums of money heretofore advanced by said guardian.

That following is a brief description of the particular property belonging to the estate of the incompetent to which said petition applies:

All that certain real property situated in the City and County of San Francisco, State of California, and all persons interested are notified.

California, and more particularly described as follows:

BEGINNING at a point on the Northern line of Morse Street, distant easterly eighty-four (84) feet measured along said line, from the Easterly line of Lowell Street; running thence easterly along said northerly line of Morse Street, twenty-five (25) feet; thence at right angles northerly to the Southeasterly line of Mission Street; thence Southwesterly on the Southeasterly line of Mission Street to its intersection with the line drawn from the point of beginning at right angles to the northerly line of Morse Street; thence Southerly parallel with the Easterly line of Lowell Street to the Northern line of Morse Street and point of beginning. BEING a portion of Lot 58 of the Westend Homestead Association, according to map thereof recorded in the office of the County Recorder of the City and County of San Francisco in Book C & D, Page 63 of maps.

Reference to said petition is hereby made for further particulars.

AND NOTICE IS HEREBY FURTHER GIVEN that the hearing of said petition has been fixed by the clerk of said court for Monday, the 25th day of September, 1933, at 10 o'clock a. m. of said day, at the courtroom of said court at the court house in the City of Redwood City, County of San Mateo, State of California, and all persons interested are notified.

Aline Kistler to Lecture on Artists

A free public lecture on "Artists of California" will be given by Aline Kistler at the California Palace of the Legion of Honor, San Francisco, Friday, September 22, at 3:30 p. m. Menlo Park Lawyer Named in Libel Suit

Walter H. Linforth, socially prominent San Francisco and Menlo Park lawyer, was named among the defendants in a \$100,000 libel action on file in San Francisco today. Attorney William M. Cannon and the Market Street Railway Company, were the other defendants. Cannon and Linforth were attorneys for the railway.

The action grows out of an accusation of hog stealing made against William K. Donnell, a witness in the trial of Betty Gackstetter against the railway. Affidavits charged that Donnell as a boy stole eight hogs. Donnell says they are false and not pertinent to the suit.

More than \$8,000,000 is paid out annually in pensions to Confederate veterans, their widows, and, in some cases, their servants, by the Southern states.

Trial Is Set For Men Held In Dog Raids

Preliminary hearing of 20 men accused of violating the gambling laws in connection with the use of the option system at the Baden Kennel Club will appear before Justice of the Peace Ellis C. Johnson in Daly City on Tuesday, September 26, at 10 o'clock.

The preliminary trial was set for that date by Judge Johnson here Monday afternoon following a conference with District Attorney Edmund Scott.

Scott's decision to proceed with the trial on the evidence presented by Constable Silvio Landini appeared as an indication today that the district attorney would not make a separate raid upon the Baden club at this time.

If the trial should fail of a conviction on Landini's evidence, Scott will make a raid of his own, it is expected.

The track was not raided last night, the second night in a row it has operated unmolested after threats were heard that Landini would be met by a resisting force if he came back.

The raids by the constable were credited to Superior Albert Witt, Colma, who said he had received protests that the track was hurting business.

On Serra Highway Grading Underway

Road grading work on the Junipero Serra boulevard extension south of School street, Colma, is now in progress. The grading contractor plans to enlarge operating crews at once giving employment to more men. R. C. Stahl, building contractor of Redwood City, was awarded contracts to move and reset two houses situated on the right-of-way. When these two buildings are moved away the boulevard will be completely clear of obstructions.

Health Officer Calls Garbage Dumps Menace

An improvement in the general health of the children of San Mateo county may be expected now that a health director has been appointed, judging from the prediction given by Dr. Adelaide Brown, noted pediatrician of San Francisco, who spoke to the Seventeenth District Congress of Parents and Teachers Friday afternoon in the Burlingame high school. She deplored the fact that the budget for child hygiene in California has been cut in half. She urged the wholehearted support of all health officers.

Dr. Harold E. Morrison, San Mateo health director, was introduced during the morning session by Mrs. J. J. Garland. He stated that "any garbage dump is a potential nuisance" and that garbage collection and disposal is the duty of a city. He said that he hoped in the future all dumping of refuse in unincorporated areas would be stopped.

Mrs. George Lyle, director of the health department, was in charge of the program and introduced her chairman.

The following new chairmen were ratified: Dr. H. E. Morrison, member of the advisory board; Mrs. C. W. Bond, San Mateo, co-chairman of music; Mrs. Wesley Clark, Burlingame, Founders' Day; and Miss Helen Hodgehead, Burlingame high school, property. It was decided that attendance at all regional conferences was to be credited toward the district attendance prize. A good program for the Pescadero conference, September 29 was announced. Mrs. J. J. Garland announced that she would be at the Burlingame public library Monday afternoon, October 2, to meet parent-teacher members.

ASKS TRAFFIC BERTH
Police Officer J. M. Peterson, Tuesday afternoon were married filed an application with the board of supervisors to take the examination for clerk of the traffic bureau.

Mrs. Whitsell Dead; Funeral On Thursday

Death claimed Mrs. May Whitsell here Monday. She was the wife of Mr. Floyd B. Whitsell and the mother of May, Floyd Jr., and John Whitsell. Her birthplace was Chicago.

Mrs. Whitsell, who has been ill for a long time, was a member of the First Methodist Episcopal Church of Redwood City. He Rev. Amos Cottingham of that church will officiate at the funeral, which was held from the chapel of the James Crowe Co. (Paradee & Phillips) on Thursday at 10 o'clock. Interment was at Alta Mesa Memorial Park.

WATER PIPE INSTALLED
SAN CARLOS, Sept. 20.—Water service difficulties on the Palm avenue line of the former Devonshire properties will soon be at an end. Over 1700 feet of new water mains are being installed during the morning session by the use of the old and inadequate line. Fred Hills, resident manager of the Sierra Realty Company, is supervising the installation.

Brisbane Wins Eight Parcels For Park Area

Efforts by the little community of Brisbane to secure a public recreational area were near realization today as a deed from the Anglo California National Bank was forwarded to the board of supervisors by the county planning commission.

The bank has deeded eight parcels to the county for the purpose, giving Brisbane about a three to four-acre park. Brisbane property owners will spend \$1,000 on building a clubhouse and several hundred dollars in planting shrubs and trees.

Hearing on County Land Use Code Soon

Public hearing on the land use plan for Southern San Mateo county will be held before the board of supervisors on Monday next at 2 p. m.

The zoning plan will affect all territory south of Redwood City in the lower county area, and regulates the use of land, specifies the types of buildings, and regulates their height, and provides for yards and open space.

Storage Man Taken By Death in S. M.

SAN MATEO, Sept. 18.—Martin Bekins, founder of the Bekins Van and Storage Company, of California, died Sunday of pneumonia in the Mills hospital here. He was 71, and had been in ill health but a few days.

Mr. Bekins' illness dated from a fall from a stepladder at his summer place in Belmont this past Wednesday. He broke an arm in the fall. He was widely known in the San Francisco and Los Angeles business fields, and had branches in many cities.

The firm was founded in Los Angeles in 1894, and a year later a San Francisco office was opened. Mr. Bekins is survived by his widow, Katherine; a daughter, Mrs. Ruth Bekins Holt, of San Francisco, and three sons, Reed J. Bekins of San Francisco; and Floyd R. Bekins and Milow Bekins, both of Los Angeles.

Son Probates Will Of South S. F. Man

John De Castro, 443 Baden avenue, South San Francisco, today petitioned for probate of the will of his father, Joseph De Castro, who died August 17. The estate is left to the widow, Georgina De Castro, of that address.

Garbage Permit Refusal Taken To Court Here

The City of San Bruno was ordered today by Superior Judge Maxwell McNutt to appear in court October 2 and show cause why it has refused to grant a permit to the South San Francisco Scavenger Company to remove garbage from that city.

The order was signed on petition of Attorneys Pardini and Scampini, who say the firm has built up a business over a long period of years and at considerable expense. Another collector was given an exclusive franchise in the city some weeks ago.

Bullock Divorce Case Continuance Given

Trial of the divorce suit of Mrs. Charlotte Bullock against Joseph J. Bullock, Redwood City attorney and former San Mateo county district attorney, was postponed from Tuesday to September 27 by Superior Judge Maxwell McNutt. Mrs. Bullock, who reported she was ill, asked the continuance. The plaintiff is charging the attorney with cruelty.

Myers Is Officer Of Speakers' Club

B. E. Myers, city clerk and treasurer, was named second vice president of the newly organized Peninsula Public Speakers' Club at a dinner meeting in the Hotel Benjamin Franklin in San Mateo Thursday night.

Donald C. Brooks, San Mateo attorney, was named president; H. H. Sagehorn was named first vice president; and Harry Collier and Gene Sullivan, both of Burlingame, directors. The club will devote its time to a study of municipal and state problems.

Colma Auto Crash Brings \$12,500 Suit

Damages of \$12,500 were asked today in a complaint filed by Charles A. Christin Jr., 18½, against Joseph G. Kissack for injuries incurred in a two-car automobile collision in Colma on September 9. The youth incurred a mild concussion, the complaint, filed by Attorney John E. Manders, Redwood City, reports.

The counter, mirrors and other equipment of the Klondike Restaurant in Brookfield, Mo., were wrecked by the explosion of a keg of beer.

Riding Master Wins Suit Over Kick of Horse

The State Life Insurance Company of Indianapolis must pay Edwin J. Cooksey, San Mateo riding master, \$50 per month during his disability and \$24.35 in back payments as the result of a kick by a horse. The accident occurred July 19. Cooksey's school was at the county poor farm property.

Superior Judge Maxwell McNutt found Cooksey suffered a brain injury as a result of the kick and the right side of his body is paralyzed. The court agreed that the plaintiff has been permanently disabled.

Counsel for the insurance company contended that as long as he could sell pencils or do similar light tasks for a living that he cannot be considered totally disabled. Cooksey was a one-time cement contractor.

FIREMEN WANT PAY
DALY CITY, Sept. 20.—Declaring that the building is the property of the department and therefore privately owned, local firemen have requested the supervisors to pay rental for use of Station No. 4 as a polling place in the June 28 election.

Improvement of Mills Airport Up to Voters

SOUTH SAN FRANCISCO, Sept. 16.—Improvement of the runway, hangars and lighting facilities of Mills Field at a cost of \$260,000 awaits the approval of San Francisco voters on the November 7 ballot. It was announced today by Bernard M. Doolin, director of the San Francisco municipal airport.

The San Francisco board of supervisors has moved to include an item for that amount on the ballot. The sum will be needed to carry out work for which the preliminary engineering and surveying has been completed, including extension of the present 1800-foot runway to one of 3500 feet by reclaiming tide land. Bids await the result of the election, and if approved the work will get under way December 15 and will be completed in four months. Other projects in addition to the runway include construction of a service and repair hangar and the installation of additional lighting and drainage facilities.

The proposed improvements were planned after the state department of commerce had warned of their need because of the increased traffic at Mills Field during the past year, during which the airport has grown from a terminus with no mail or passenger lines to one that now has all the lines operating out of the bay region.

Cities Join in Move to Prevent Creek Pollution

Four peninsula cities and the county of San Mateo are joined today in a determined effort to prevent San Francisco's plan to dump its jail sewage into San Bruno creek.

Plans call for a septic tank with a chlorination process for purification. Protestants point out that this tank will empty the residue into San Bruno creek. They have won the support of Dr. Harold Morrison, San Mateo county health chief, in their efforts to prevent fouling the stream.

Mayor E. J. McGuire of San Bruno says this will constitute a health menace.
